TRANSPERFECT

For Immediate Release

OVERTAAL JOINS TRANSPERFECT FAMILY OF COMPANIES

TransPerfect Acquires Netherlands-Based Provider of Language Services

NEW YORK and UTRECHT, May 20, 2008 – TransPerfect, the largest privately held language services provider in the world, today announced that it has completed an acquisition of Overtaal, a Netherlands-based provider of translation and language training services for the European Union, as well as for a diverse range of legal, financial, and corporate clients. The transaction expands TransPerfect's presence in Europe, bringing the organization's total number of European offices to 14. Financial terms of the deal were not disclosed.

Utrecht-based Overtaal will become a division of TransPerfect and will continue to be led by current President, Geert Heijink, an eight-year veteran of the localization industry. Heijink will remain President of Overtaal and will also join TransPerfect's senior management team. The original founder of the company, Louise Ross, will continue to serve Overtaal in an advisory capacity.

Liz Elting, President and CEO of TransPerfect, stated, "For over a decade, Overtaal has been one of Europe's leading language services companies. We admire their ability to distinguish themselves by offering high quality, quick turnaround, and a strong service orientation—all qualities that we feel are consistent with our corporate culture. I'm extremely excited to welcome the Overtaal team to our family."

Geert Heijink, President of Overtaal, added, "Louise and I wanted to see Overtaal continue to thrive, so finding a merger partner with TransPerfect's impressive track record of retaining management, employees, and clients was extremely important to us. Speaking for me personally, as well as for the Overtaal team, there's a great deal of excitement surrounding our decision to join forces with a fast-growing global leader such as TransPerfect."

About Overtaal

Overtaal was founded in 1997 and has always had a strong emphasis on serving the European Union. Serving customers in Netherlands and abroad, Overtaal provides document translation services to the European Union, other governmental institutions, and a range of corporate clients, including SAP and Oracle. Overtaal's Language Training Business Unit provides training services for companies and institutions throughout the Netherlands. For more information please visit www.overtaal.com.
